Course Overview

A part funded CPD programme for designated Transition Leads or similar, to benefit from NOA learning on Y6-7 transition practice and support the participant in strengthening inclusion across their school, and in doing so to meet the principles of the Norwich Inclusion Charter.

The intention of this programme is to offer a comprehensive and practical approach to transition, enabling you to build additional expertise, improve your school systems and embed good practice. Your school will undergo an audit on its current transition work and the participant will be able to use the course information and access additional funding to bring about change in those areas requiring improvement.

For any primary or secondary school designated transition lead, ideally Head of Y7, Head of Y6 or similar.

To take part you must

- Complete and sign the MoU by the start date
- Be an NOA school or NOA twinned school
